President's Message

Jim King

Dear Neighbors,

Over the last year, we have been very focused on protecting our families, neighborhoods, and the Park. We have done this by being proactive advocates on zoning issues, working with our local governments on traffic-calming solutions, keeping you informed about criminal activity through partnerships with Law Enforcement, and alerting you about potential dangers in our community.

Our progress is directly linked to an increase in our CPCA membership and the efforts of our volunteer board members. We need even more participation to build on our progress. Please encourage your neighbors to join the CPCA and to share their contact information, especially e-mail, to better connect our community.

The CPCA provides the security for our Park and neighborhoods that complement our local police forces. Please let me know if your business or institution would like to support our Patrol. I can be reached at jim@safertogether.org or at home at 404-841-0076.

It is with your support that we have been able to improve the safety and security of our Chastain Park community, while protecting its character as a great place to live, work and play!

Our 2006 accomplishments include:

- Effective and expanded community-wide communications and e-mail network
- Successfully combined the Park and Neighborhood Security Patrols
- New sidewalks on Powers Ferry and Lake Forrest
- New yellow pedestrian cross-walk signs and Atlanta Police bike patrols around the Park
- New single (not multi-) family housing on W. Wieuca and Lake Forrest Roads

Coming soon:

- Watch for our Police on Horseback in the Park

Chastain Park News

The Conservancy is a nonprofit organization working with the City and all of Chastain Park's operating partners to restore, enhance, maintain and preserve Chastain Park. Operating partners include NYO, Chastain Horse Park, North Atlanta Swim Association, Chastain Amphitheatre and North Fulton Golf Course.

As a participant in activities at Chastain Park, you are invited to contribute to a survey being conducted by the Chastain Park Conservancy (CPC) as part of the development of a Master Plan for Chastain Park.

To ensure that you know about the master planning process and to get your input, the CPC has asked us to bring this survey to your attention. Share your views—why the Park is important to you and what would enhance your experience when you come to the Park.

Survey results will be collected and considered as initial plans for the Park are prepared early in 2007. The CPC hopes to have a final Master Plan completed by late summer.

Please take 5 minutes to complete the survey by accessing the website—
www.chastainparkconservancy.org.
