

Get Ready to Enjoy Chastain Park this Spring:

Remember to Park in the Red Lot, Avoid Traffic and Make Time to Explore Chastain!

Spring is coming and we will soon be enjoying the beautiful weather at Chastain Park. NYO is about to start, the PATH will be bustling, and the playground will be buzzing with children...but unfortunately, with so many people enjoying the park, **there is sure to be traffic and parking congestion on West Wieuca!**

The good news is that there is actually *plenty* of parking at Chastain Park if you follow these helpful parking tips to plan your next visit. If you are coming to Chastain Park to use the PATH or just want to avoid the West Wieuca traffic, **park in the Red Lot to make your trip more enjoyable.**

The Red Lot is located in the 4400 block of Powers Ferry, approximately 2 blocks North of West Wieuca between the Chastain Horse Park and Amphitheater. The lot is highly visible, regularly patrolled by the Atlanta Police Department and private security, well lit, and provides a great place to park, meet your friends, and have easy access to the PATH and the North end of the park. As always, you should take prudent steps to leave valuables at home, do not leave items visible, and lock your cars.

We strongly suggest you utilize the Red Lot if you come to use the PATH or need a parking spot to park during the peak traffic periods. The peak periods are Monday to Friday 4 to 8 pm, Saturday 8 am to 4 pm and Sunday 12:30 pm to 6 pm. Please note the Red Lot will NOT be available after 4 pm on concert nights, but there are only 60 concerts a year, so the Lot is available the other 305 days! Be sure to visit www.ChastainParkConservancy.org to view the latest concert schedule and plan your trip to the Park. The concert schedule will be available by April 1.

The Chastain Park Conservancy, The Chastain Park Civic Association, NYO and the PATH Foundation have worked together to enhance amenities at the Red Lot and make sure you are aware of the ample parking available there. There is a storm shelter at the North end of the Red Lot to use as a landmark if you are meeting friends. There will be stretching stations, a water fountain and picnic benches available for your use. The Master Plan also calls for future improvements and enhancements to the North end of the Park such as an extending and connecting the Red Lot to the current PATH loop as well as extending the PATH along the South edge of Park Drive.

Directions to the Red Parking Lot:

- Traveling North or South on Powers Ferry, you will find the lot 2 blocks from West Wieuca between the Chastain Horse Park and the Amphitheater.
- Traveling from the East side of the Park, turn North on Dudley and turn on either Park Drive (just behind the Playground) or turn further North on Stella. Both roads go to the back side of the Amphitheater, and the Red Lot is just on the other side.

Please pass this information along to friend, neighbors, walkers, runners, running groups, boot camps, apartment and condo neighborhoods, dog walkers and strollers.
